

Make yours an event to remember...

You've planned your event for months hoping to make this THE PARTY of the year. So why are so many guests leaving early? Could it be that your party reminds them of so many others? When dancing fails to keep their interest, what will get and keep your guests involved in the celebration?

A photobooth, of course! Help them make, and keep those memories of your great event with take home pictures of the fun they are having with family and friends. Included are copies for you to cherish for years to come.

For the price of party favors and disposable cameras, you can provide your guests with hours of entertainment and unlimited laughs and smiles.

What could be easier? We provide an attendant to monitor the equipment and keep the pictures flowing; our attendants will also encourage your guests to try out the photobooth and write in your guest book. If they take both copies of their photos? No problem.

After the end of the party, you are provided with a disc containing all the photos taken. A password-protected online photo gallery and slideshow is also available to you and your guests to visit as often as you like!

Why settle for this?...

PIC your friends carefully!

Not all photobooths are alike; while older self-contained units have that nostalgic feel, the photo quality just isn't there. Smaller booths prevent you from getting pics of the whole gang. Our 4'x7' photobooths allow movement for impromptu poses and enable larger groups to squeeze together for a group shot.

Available with every rental:

Unlimited Photos

The photobooth is in operation for the entire reserved time. All set-up and take down occurs outside of your rental period, maximizing the number of party favors for your guests! Add your name & event date for no extra charge!

Dedicated Staff

The photobooth is supervised by one of our dedicated and qualified staff who will make sure as many guests as possible have a chance to use the photobooth. Yes, they even have to referee at times to make sure everyone gets a turn; the photobooth is THAT MUCH FUN!

Endless Options

There are many different layout options to choose from; duplicate 3 or 4 picture strips, customized templates with your own personal message or logo, backgrounds, titles, etc. Let us know what you would like and we will do our best to make it possible!

One guest wants color strips, another black & white. No problem-guests can choose in our booth! If you prefer, select only one option for your event.
